## LIFE • SCHOOL • STORY

Throughout the past four years, we have laughed, cried, celebrated, and faced defeats within the walls of DR . From our football team getting to go to Gillette, to having our Junior and Senior year in the middle of a pandemic, there is nothing the class of 2021 has not had thrown at them.

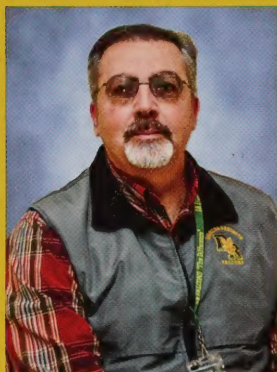

Through the rollercoaster of life we have become a family. We have grown close and truly came together as Dighton-Rehoboth. Although our senior year is nothing close to what we imagined, we made the best out of everything and came out on top.

# Letters to Seniors from the Central Office

## Dr. Anthony Azar, Superintendent

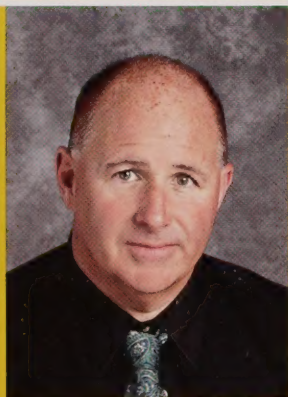

Dear Graduating Class of 2020-21: "I would like to take this opportunity to congratulate you upon your graduation from high school. As your superintendent, I am extremely grateful to each of you for the dedication and commitment you have shown in attaining your diploma. This is especially true with a raging pandemic as a backdrop to your last two years. My hope is that you continue to write your own story. We all have a story to tell and your story will continue well after graduation. I am optimistic that you will aspire to find that sense of understanding of what your future holds. Finally, I look forward to hearing your story for many years to come".

## Mr. Joseph Pirraglia Jr., Assistant Superintendent

Congratulations to the class of 2021! It has been an unbelievable whirlwind. Know you are stronger for it. As you begin the next step of your journey keep in mind that sometimes it's easy to remember your victories but hard to think about your mistakes. However, mistakes are what help us feel empathy- that "I've been there" feeling- that is so important. Always remember to work hard, be kind, and don't be afraid to make mistakes- our world needs more empathetic people. You will have many transitions in your life that make you nervous, excited, and scared. Take each opportunity to look back and remember what you learned before stepping forward. Wishing you the best of luck with your new endeavors!

## Mr. Douglas Kelley, Dean of Students

Dear Seniors,

As your 2021 Senior year comes to a close, it was like none other that we have ever seen in Athletics and Activities. OR in history!

We dealt with masks, social distancing, and remote learning just to name a few.

With all that has happened over the last year, we have come out stronger for it.

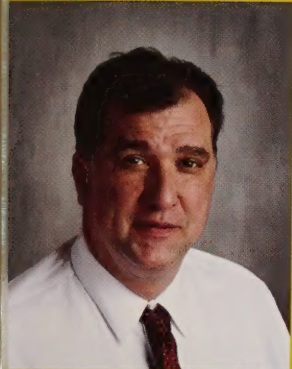

You might not feel that way right now, but I'm a believer that what pushes us down makes us stronger. While staying with State guidelines, I wanted to make sure our athletes stayed strong physically and mentally with our Strength and Conditioning Program. So many of our coaches helped out to make sure you had the best experience. When Winter Sports came out I moved our basketball teams to Wheaton college to get our tryouts in and on time. We all knew how important it was to get these seasons started. With no indoor Holiday Concert taking place, the DR Marching Band and Chorus performed The Carol of the Bells and other holiday tunes outside in the parking lot for parents sitting in their cars, garnering local and national exposure from the media. Class of 2021, please know how much we cared about keeping your senior year a special one, and certainly one that you will never forget. As you move on to college, the military or the work force, be kind and fair in this new and turbulent world we now live in. Give others a chance to explain their perspective on serious matters that you will endure as your life moves forward. You are an intelligent and respectful class. I wish you the best that life has to offer. It has been an honor and a privilege to be your Dean of Student Activities and Athletics

# *Congratulations Class of 2021*

## Dr. John Gould III, Principal

Congratulations to the class of 2021! I commend you for your perseverance in the face of this pandemic. During your time here, you have modeled our core values of Independence, Integrity, Excellence, Respect, and Responsibility. Four years ago, I stepped on campus and met you all as Freshmen. In those four years, we have learned together. Knowing you, I have faith that you will successfully meet the challenges that follow graduation. I wish you the very best in your future endeavors. Excellent job!

## Mrs. Katelyn E. Lima, Assistant Principal

Congratulations to the class of 2021! Even though the path was hard and not what anyone could have expected, you did it! I am honored to have been your Assistant Principal over the past four years and have enjoyed watching each of you become the adults you are. Graduation marks the beginning of the next chapter of your lives. Some of you will be attending college, some will be joining the workforce, while others will be joining the Armed Forces, but this is your journey now. Your mountain is waiting. Best of luck on all your future endeavors and continue to make DR and your families proud.

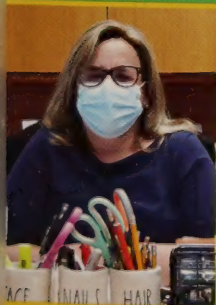

## Mrs. Gail DeCecco, Assistant Principal

Dear Class of 2021:

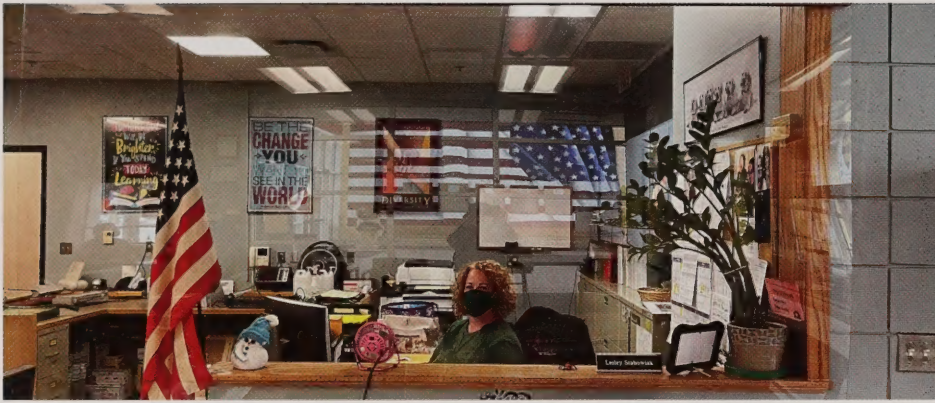

All graduations are memorable, but yours is momentous. In the midst of the worst pandemic in a century, you, the members of the Class of 2021, have endured unprecedented and long lasting disruptions to your home life, your social life, and your education. Because you have lived through this time, you have experienced fear, uncertainty, isolation, and disappointment. Some of you have endured the heartache of losing loved ones. It is important to reflect on these experiences, not to despair, but to recognize the resilience you possess. Unlike past graduating classes, you needn't fear the unknown of graduation. You have already faced one of the most difficult experiences of your life, and now you know: You are going to persevere, grow, and succeed. Well done, graduates!

## Mrs. Diane Rose, CTE Director

Congratulations Class of 2021! You have experienced a time in history like no other, and you have made it! We are proud of the efforts you have all put forth during these challenging times. The resilience you have demonstrated not only individually but as a class, is admirable. We appreciate all of your hard work, patience and of course the sacrifices that you have had to make to ensure the safety of your classmates and teachers. Now look ahead to your future and all the possibilities that await you. There is a great big world out there for you to explore. Remember these times as the starting point to your adult life, enjoy the journey.

# Student Life

our story begins...

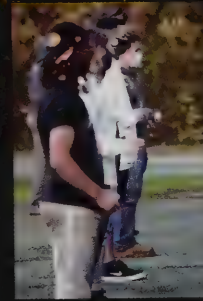

This year can best be described as a year like no other. School started in full remote, with classes fully online. Google meets, Google Classroom, Cohort A and Cohort B, were the new terms for the school year. When school returned, a new world of remote Wednesdays, Masks (which many of us learned to match our outfits) and one-way hallways were our reality. School took a whole new form. Many of us were in different cohorts and some of us were remote. When we returned to school desks were 6 feet apart, classes were much smaller, and the lunchroom was no longer the hustle and bustle of rushing to grab lunch so you can find a table, catch up with friends. There were no sports, and clubs were running virtually if at all. The culture of school as we knew it, took on a whole new reality. It has been said that when life presents a challenge, we can either rise in victory or fall in despair, and this was certainly the year to test those waters. As the year went on and vaccines became available, we saw new life, students returning to school, mask mandates lifted for outdoor sports and outside, modified celebrations beginning, and an opportunity for our seniors to get the send off they deserve.

# CTE Showcase

## Marketing

Seniors in Marketing came up with a concept business and then researched, developed, and presented a Business Plan Growth Plan for an already existing business. The Business Plan project provided students with an opportunity to apply all the topics and knowledge they learned over the four years in Marketing. I am excited to announce that all 5 graduating Marketing seniors will be attending a four college or university next year. Good Luck!!

## Drafting

Seniors displayed their year long drafting projects on large scale posters. Some projects showcased this year included a renovated house, an interchangeable 3D printed toy spaceship, a sustainable city block, and a 3D modeled army plane.

## Auto

Eryk Berwick and his senior project. He took two different bikes (a 1979 Puch) and a donor bike and pieced them together into what you see here. Tremendous fabrication skills were required to mount the motor assembly and make this bike look as good as it does.

## TV Production

Kate Darling presents her Capstone project during the CTE Showcase. She created a Travel Blog for her April vacation to Myrtle Beach, South Carolina.

## Early Childhood Education

Peri O'Donnell displays her senior project, "Creating a Child Care Business." The students covered many CTE standards working with this topic, From Researching Education Philosophies, to Laws and Regulations that govern Early Childhood centers. Students show their creative side as well as they created their own "Name" of their center!

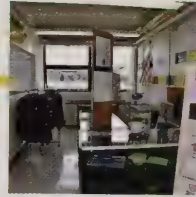

## Carpentry

Andrew Peltz on his table project. Students crafter their own tables based on different designs and wood. As part of the senior year carpentry students have to design, layout, and build a table.. Many of the skills they have learned over the four years in the carpentry shop were needed to successfully complete their projects. I am proud of this year's seniors!

## Fall 2

**The volleyball team** had an outstanding season finishing with a 4-5 regular season record, placing them 5th in the SCC. This was the highest finish for the team in four years. A 3-0 victory over rival Seekonk started the season strong for the Falcons. The highlight of the year was on Senior Night when the team rallied from a 0-2 hole to win 3-2 and clinch the 5th spot in the league over Apponequet.

Cute, Golf Team  
wins SCC  
Championship!

After completing a 6-2 record in the regular season, the 2020-2021 Golf Team pushes at the right time, and won the elimination tournament at season's end to claim the SCC Championship. SCC All stars Harry Taraian (Co-Captain), Peter Torres, and Mitch Bushell lead the team, while Sam Watts (SCC Honorable Mention), Peter Anghinetti, Ben Horowitz (Co-Captain), Andrew Machado, Jordon Dietz, and Matt Nadeau also major contributions to the team's success. Despite graduating 5 seniors, a solid nucleus of returning players will be ready to defend the title next year.

### Girls Soccer wins SCC

The Girls' Soccer Team captured the SCC Championship for the first time since 2013. They went undefeated, only allowing just two goals scored against them all season. They solidified the championship with three shut-outs against Greater New Bedford Vocational, Somerset-Berkley, and Seekonk. The girls were led by senior captains Emily D'Ambrosio, Brenna Doehler and Margaret Saxon.

# Winter Sports Headlines

**BOYS BASKETBALL** - Playing a high-risk sport indoors during a pandemic meant that the 2020-21 basketball season would be unlike any other in DRRHS history. The challenges included wearing masks and shields, utilizing QR codes, temperature checks, hand sanitizer, reduced rosters, and limited practice time, avoiding locker rooms, team meetings, film sessions and scrimmages. Fans were prohibited, games were modified, halftimes were eliminated, battery whistles were utilized, and the schedule was reduced by 40%. Remote learning and hybrid schedules were in effect.

Additionally, attempting to remain healthy and safe, coaches and players endured PCR tests, rapid tests, quarantines, and close contact tracing while attempting to limit their activities and exposures. The season's viability depended on each member's daily personal responsibility. Yet, despite all of the unusual requirements and potential pitfalls, a collective effort made the season a success.

After losing the first game to a young, inexperienced Wareham team by thirteen points, the boys were motivated to work and improve. They rallied to play outstanding basketball winning seven straight to earn a regular season co-championship with Apponequet.

In the first-ever SCC tournament, the Falcons advanced to the finals beating Wareham and NBVT. In the finals, the Falcons trailed by 15 in the second quarter, by 10 at halftime, and by 7 after three quarters but rallied to tie the game with forty-eight seconds remaining before succumbing to the eventual-champion Lakers.

Sadly, the season was over. A day earlier, the players were reluctant to return their practice shirts refusing to accept that the end was coming. In the aftermath of a heartbreaking defeat, the discussion of the players focused on how much they wanted the season to continue, attend practice, compete in games, and interact with each other. The sting of defeat had faded into their recognition that they needed each other to fight the global adversity that had dramatically altered their lives. The power of interscholastic sports and the resiliency of our student-athletes was on full display. Their coach could not have been prouder of his team.

Coach Cuthbertson

## GIRLS BASKETBALL SEASON RECAP

The 2021 season for the Lady Basketball Falcons will be remembered like no other. No need to list all the issues facing basketball teams this season. Players, school personnel, and parents all dealt with the circumstances like champions.

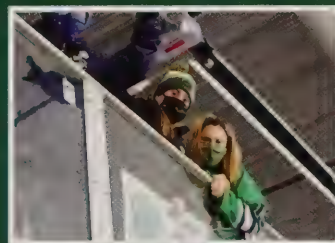

Each day together as a team was a blessing, and the players made the best of it. Through his tireless effort, Mr. Kelley provided the team and coaches with the opportunity to do what they love; which is to compete on the basketball court while representing the Green and Gold with pride. Struggles such as communicating through masks, practicing on fewer days, and playing in somewhat empty gyms were turned into "Thankful Opportunities" that our Lady Falcons are very proud of.

What was achieved, you ask, well under the circumstances; it was amazing! First, was the incredible accomplishment of Emily D'Ambrosio being added to the elite list of 1,000 point scorers at DRRHS. For Emily to do this in only three quarters of a season (13 games), we were all so proud and happy to be a part of her historic moment. Secondly, the team finished with an overall record of 10-3. The combination of the three losses totaled only 11 points. We fought through traveling on busses with open windows in 20 degree weather and playing with no fans early in the season who brought energy and excitement to the game. Just playing the season was a win in our eyes, but as we started to play, we accomplished a seven game win streak and eventually the second best record in the league.

As the regular season ended - The Lady Falcons were seeded third in the SCC Tournament behind Somerset-Berkley and Old Rochester. Although Old Rochester came away with the win, the sadness quickly turned to joy after realizing what we had accomplished all season. Lastly, it goes without saying the 20-21 Lady Falcons Basketball season did more than just "beat" their conference opponents. They also defeated the adversity of playing in masks, in front of only a few fans and not once allowing the restrictions of the game to hinder their joy of competition. Ladies you surpassed all expectations of success with each day together. Congratulations to all Staff, Personnel, and Families that made it possible to have a season.

Coach Pacheco

## DRS Hockey Wins SCC Championship!

So much of our high school experiences are the people we spend our time with. This year has certainly been a challenge in making those social connections. Covid-19 has made many of us appreciate how important it is to be around people. Making memories, sharing laughter, seeing one's smile..

## *Class of 2021*

What a year this was! From canceled sports, to masks, to remote learning, and virtual events...this has been the MOST challenging year for yearbooking. I would like to extend a very special thanks to my yearbook staff Aelyn and Peri who were so dedicated to making this book special for their classmates.

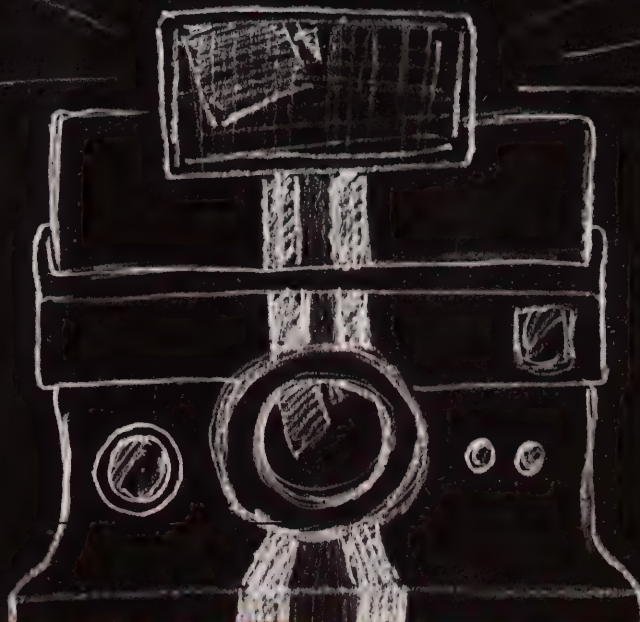

Aelyn was a school service student who came every single day to put her time and creativity to the task. Peri is a 4 year member of the yearbook club who has been a part of creating the yearbook for four different classes, culminating in her own Class of 2021 yearbook. This is a labor of love that starts in September and ends in June. This process involves countless hours of designing, editing, and gathering pictures and information. This is certainly a historical year, and we tried to capture it in a way that celebrates the history of the time as well as the spirit of this class. Thank you for letting us tell your story.

Special thanks to Mrs. Halliwell for capturing and sharing so many wonderful photos for our story. Also, a special thank you to all of the extraordinary parents who went out of their way to plan so many special events for the seniors.

*Congrats

# *Dear Class of 2021*

You were born when the world was grieving  
9/11 and you are graduating as the world is  
fighting through a pandemic

Although your two biggest launches into  
freedom, have taken place in the midst of  
tragedies....

Just know that the world is an amazing,  
beautiful, loving place  
And it's waiting for you with open arms

We grieve with you that your senior year was  
not the way it was supposed to be..

But we can't wait to see you overcome and  
soar like a falcon!

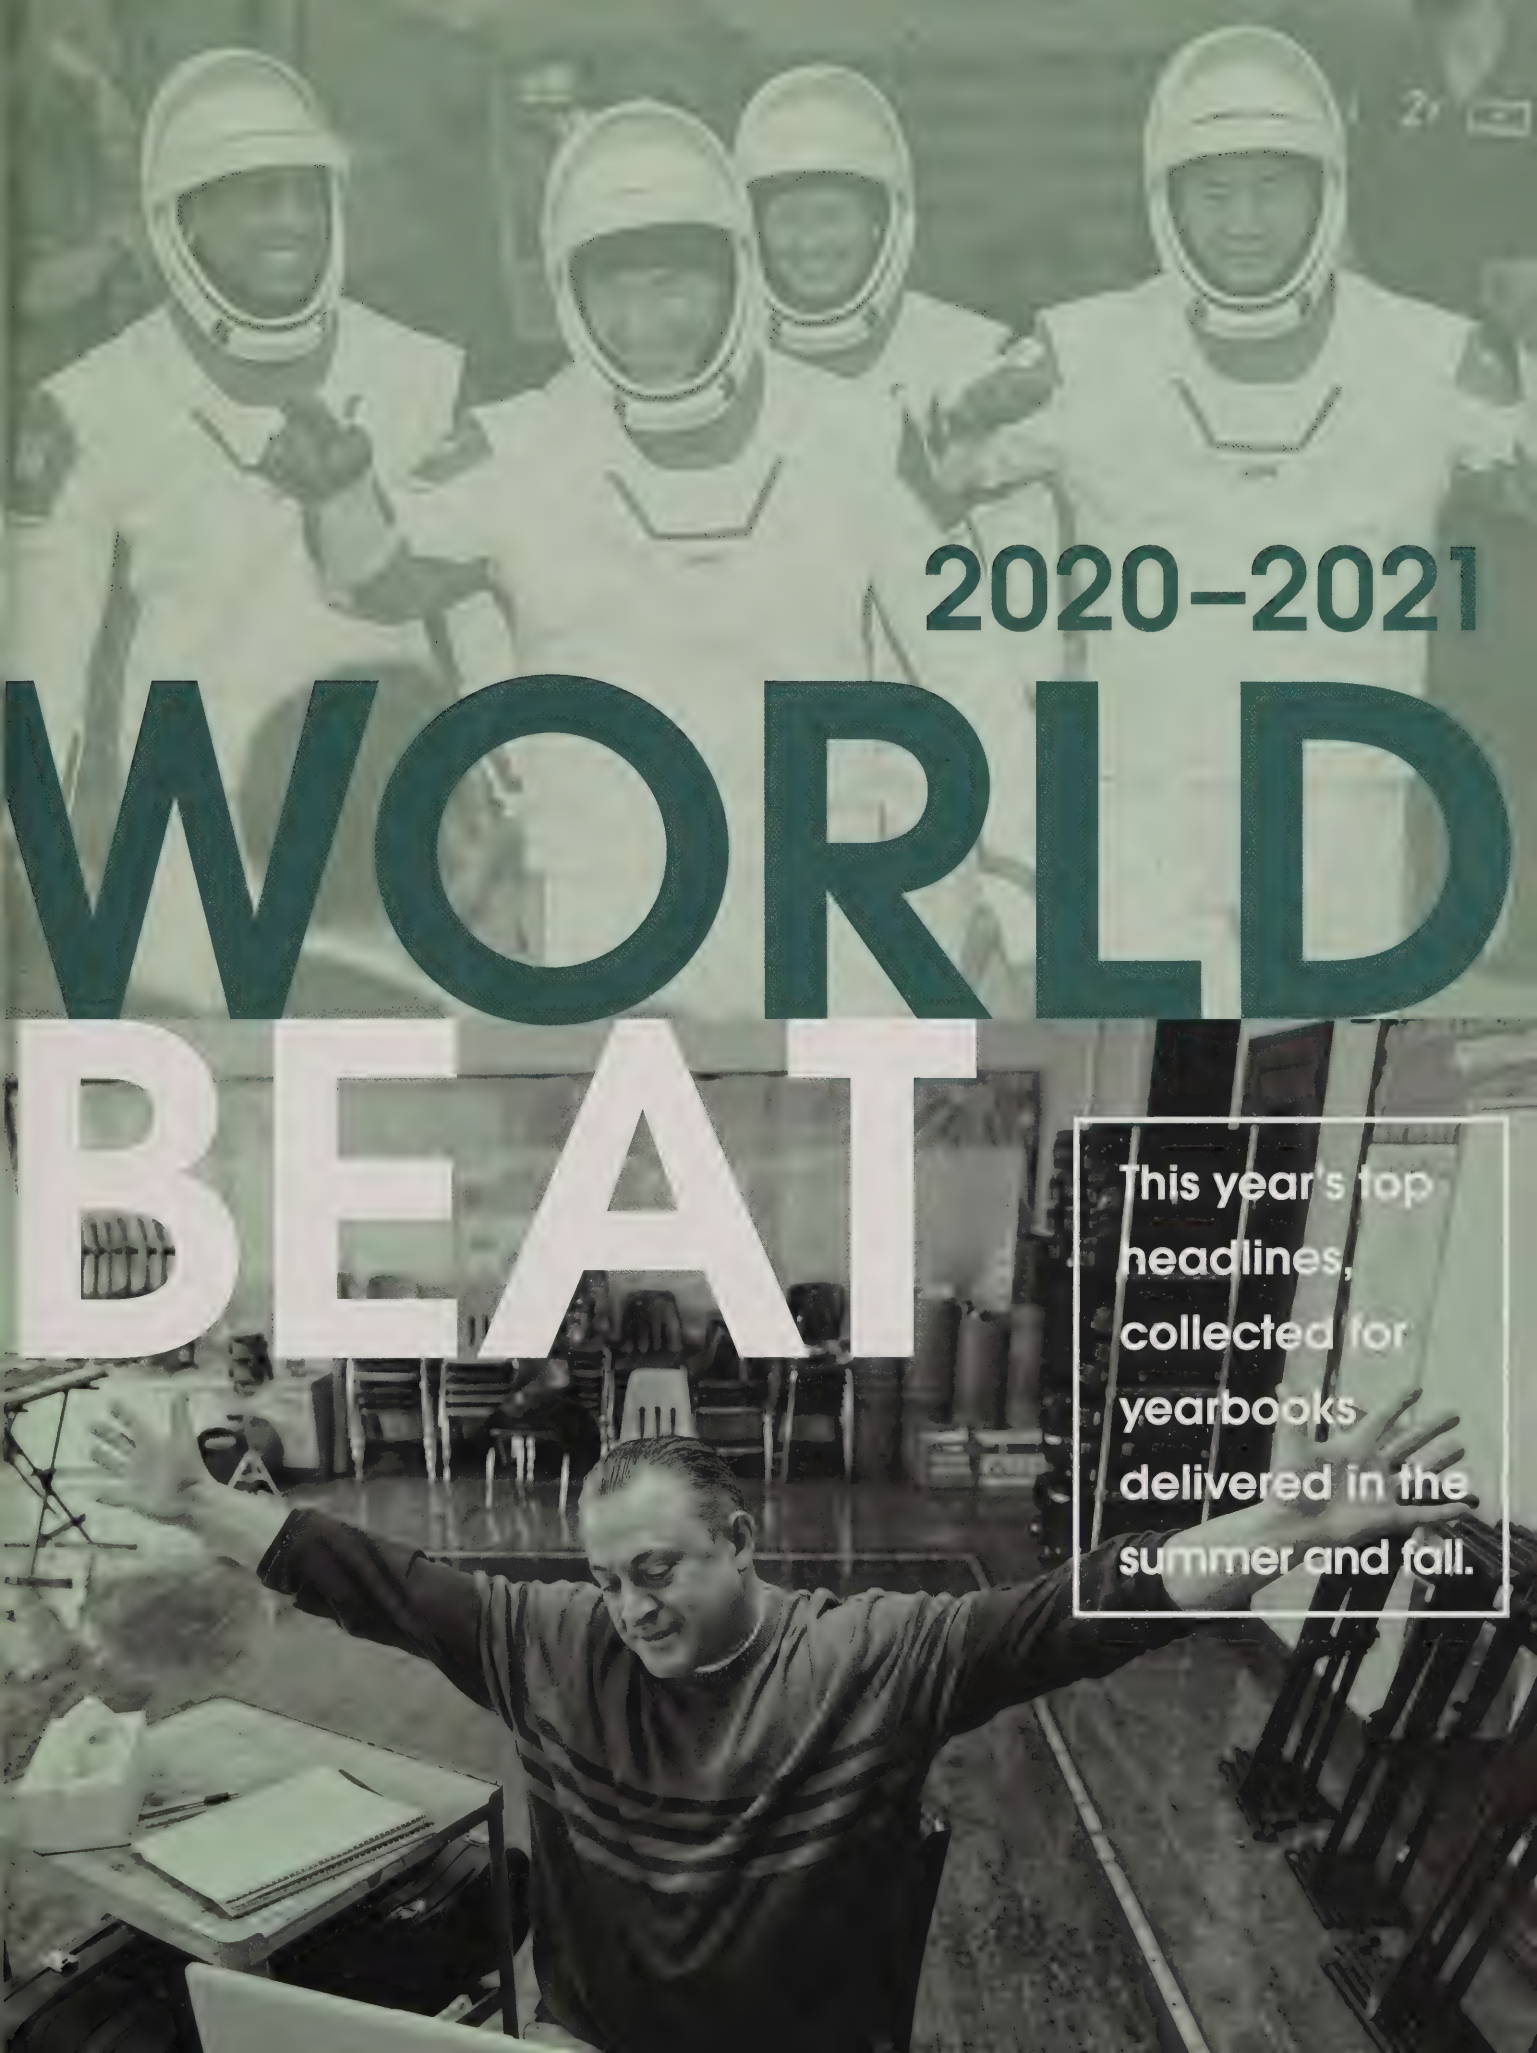

*You were made for this*

This is your story

*This next chapter is just beginning*

We are PROUD of you.

## SCHOOLS BEGIN REOPENING

After COVID-19 brought on school closures in the fall, schools begin to reopen in February when the CDC publishes a step-by-step plan for reopening schools, most U.S. school districts offer in-person learning, and about half of U.S. students are back in classrooms. The CDC emphasizes ventilation improvements, and the plan also says that elementary schools should remain at least partly open, while middle and high schools need flexible plans for switching from full-time to hybrid or distance-learning models, depending on community transmission rates. Schools also need to require that everyone mask up and practice social distancing.

## COVID-19 VOCABULARY

**CURBSIDE PICKUP:** avoiding entering stores or restaurants. **DRIVE-THROUGH**

**TESTING:** COVID-19 testing sites with as little personal contact as possible.

**FLATTEN THE CURVE:** slowing the spread over time. **ASYNCHRONOUS LEARNING:** teachers post lessons and assignments online for students to access.

**PPE:** Personal Protective Equipment like masks and latex gloves. **SHELTERING**

**IN PLACE:** staying at home except for necessary errands or exercise. **SOCIAL**

**DISTANCING:** staying at least 6 feet away from others. **SUPERSPREADER:**

gatherings that result in numerous cases.

## VISITING THE VACCINATED

Grandparents and other older relatives are at higher risk of COVID-19 effects. For much of the school year, families worked hard to keep them safe by staying away. By spring of 2021, new CDC guidelines say that vaccinated grandparents can visit their unvaccinated grandchildren in a single household.

## RACE TO VACCINATE

As new virus variants emerge, the world hurries to vaccinate enough people to reach “herd immunity.” By late April 2021, almost one-third of all U.S. citizens over 18 are fully vaccinated, and all adults are eligible for vaccination. The two-dose Pfizer and Moderna vaccines are the primary vaccines in the U.S.

## BICYCLE BOOM

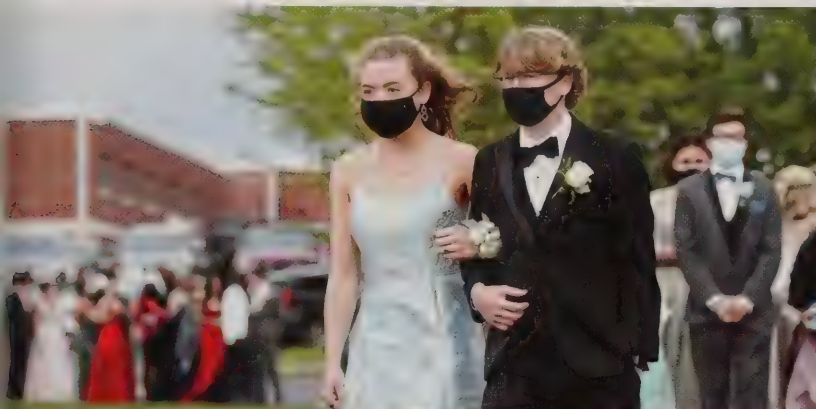

Early in the pandemic, with gyms closed and school sports seasons cut short, demand for bikes surges and, in early 2021, continues to outpace supply. Bike industry experts predict that the bike shortage will last into 2022.

# COVID-

## PROMS GET CREATIVE

2021 adaptations include senior-only proms, outdoor venues, required masking, appetizers rather than sit-down meals, and even proms without slow dancing or with limited-member "dance groups." Some schools cancel their prom for a second year in a row.

## DOUBLE UP MASKS

In early 2021, as COVID variants gain ground, health experts recommend double masking. With the gold standard N95 masks still in short supply, and both surgical masks and cloth masks easy to obtain, the CDC suggests wearing a cloth mask over a surgical mask instead of just one or the other.

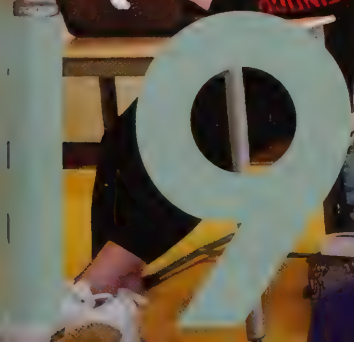

## QUARANTINE FOOD TRENDS

As the quarantine wave hits the U.S. in March 2020, TikTok influencers spread at-home food trends like banana bread, Dalgona coffee, and pancake cereal. By January 2021, TikTok users turned to new ideas, like Mexican birria tacos, feta-tomato pasta sauce, and West African fufu.

## TEACHERS ADAPT

Educators take on new tasks in addition to new teaching techniques, like doing temperature checks and disinfecting surfaces. Hybrid teaching schedules often halve the number of in-school hours for students, meaning that teachers must condense curriculum.

## SPACE X LIFTOFF

In the first NASA partnership with a private corporation, Elon Musk's Space X company, the first astronauts head to the International Space Station. Lifting off in Space X's "Crew Dragon," U.S. astronauts go into orbit on a U.S.-built rocket for the first time in nine years. They will spend six months in space, joining another NASA astronaut and two Russian cosmonauts

## TITLE VII LAWSUIT

The U.S. Women's National Soccer Team's claim that their working conditions are not equal to those of the U.S. Men's Team leads to a settlement in their favor. U.S. Soccer agrees to provide both teams with comparable charter flights and hotel accommodations, along with staffing numbers.

## MAIL-IN VOTING

Despite COVID-19 restrictions, a record number of people vote in November, as states allow more early voting or voting by absentee ballot. Counting absentee ballots delays election results for days, leading some to challenge the results and demand state recounts. Eventually, all 50 states certify election results and Joe Biden is declared the official winner of the presidential election.

## FLOYD VERDICT REACHED

Minnesota jury finds Derek Chauvin, the police officer accused of causing George Floyd's death, guilty on three counts after a two-week trial. Floyd's death in May of 2020 prompted protests in cities across the globe. On the day of the jury's decision, thousands commemorate George Floyd at the site of his arrest and death.

## SUPREME WOMEN

Supreme Court Justice Ruth Bader Ginsburg, path-breaking Associate Justice of the U.S. Supreme Court, dies of cancer in September.
